TITLE 19—CUSTOMS DUTIES

BUREAU OF CUSTOMS

[T. D. 49773]

ENTRY OF ARTICLES FOR EXHIBITION AT THE PAN AMERICAN EXPOSITION TO BE HELD IN TAMPA, FLORIDA, BEGINNING IN 1939

DECEMBER 30, 1938.

To collectors of customs and others concerned:

Attention is invited to the provisions of Public Resolution No. 72 of the Seventy-fourth Congress, approved February 25, 1936, which read as follows:

"That all articles which shall be imported from foreign countries for the purpose of exhibition at the Pan American Exposition to be held in Tampa, Florida, in 1939, by the Florida Fair and Gasparilla Association, Incorporated, or for use in construction, installing, or maintaining foreign buildings or exhibits at the said exposition, upon which articles there shall be a tariff or customs duty, shall be admitted without payment of such tariff, customs duty, fees, or charges under such regulations as the Secretary of the Treasury shall prescribe; but it shall be lawful at any time during or within three months after the close of the said exposition to sell within the area of the exposition and celebrations any articles provided for herein, subject to such regulations for the security of the revenue and for the collection of import duties as the Secretary of the Treasury shall prescribe: *Provided*, That all such articles, when withdrawn for consumption or use in the United States, shall be subject to the duties, if any, imposed upon such articles by the revenue laws in force at the date of their withdrawal; and on such articles, which shall have suffered diminution or deterioration from incidental handling or exposure, the duties, if payable, shall be assessed according to the appraised value at the time of withdrawal from entry hereunder for consumption or entry under the general tariff law: *Provided further*, That imported articles provided for herein shall not be subject to any marking requirements of the general tariff laws, except when such articles are withdrawn for consumption or use in the United States, in which case they shall not be released from customs custody until properly marked, but no additional duty shall be assessed because such articles were not sufficiently marked when imported into the United States: *Provided further*, That at any time during or within three months after the close of

the exposition, any article entered hereunder may be abandoned to the Government or destroyed under customs supervision, whereupon any duties on such article shall be remitted: *Provided further*, That articles, which have been admitted without payment of duty for exhibition under any tariff law and which have remained in continuous customs custody or under a customs exhibition bond, and imported articles in bonded warehouses under the general tariff law may be accorded the privilege of transfer to and entry for exhibition at the said exposition under such regulations as the Secretary of the Treasury shall prescribe: *And provided further*, That the Florida Fair and Gasparilla Association, Incorporated, shall be deemed for customs purposes only, to be the sole consignee of all merchandise imported under the provisions of this Act, and that the actual and necessary customs charges for labor, services, and other expenses in connection with the entry, examination, appraisement, release, or custody, together with the necessary charges for salaries of customs officers and employees in connection with the supervision, custody of, and accounting for, articles imported under the provisions of this Act, shall be reimbursed by Florida Fair and Gasparilla Association, Incorporated, to the Government of the United States under regulations to be prescribed by the Secretary of the Treasury, and that receipts from such reimbursements shall be deposited as refunds to the appropriation from which paid, in the manner provided for in section 524, Tariff Act of 1930."

(1) All packages containing imported merchandise to be entered under the provisions of the public resolution shall be plainly marked "Pan American Exposition" and shall bear separate serial numbers.

(2) All importations of articles of a class requiring a consular invoice, intended for exhibition under the provisions of the public resolution and valued at more than \$100, must be covered by consular invoices certified as provided in article 276 of the Customs Regulations of 1937.¹ Such invoices shall contain the information prescribed under section 481 of the Tariff Act of 1930 (U. S. C., title 19, sec. 1481) and shall show that the articles covered thereby are destined to the port of Tampa, Florida, and are intended for exhibition or use at the Pan American Exposition.

(3) The Pan American Exposition shall give to the collector of customs at Tampa, Florida, such security for compliance with the public resolution and these regulations as may be approved by the Commissioner of Customs.

(4) The collector of customs at Tampa, Florida, shall detail an officer to act as his representative at the Pan American Exposition and shall station inside the exhibition buildings as many additional

customs officers and employees as may be necessary properly to protect the revenue.

(5) All actual and necessary customs charges for labor, services, and other expenses in connection with the entry, examination, appraisement, release, or custody of imported articles, together with the necessary charges for salaries of customs officers and employees in connection with the supervision and custody of, and accounting for, articles imported for exhibition at the Pan American Exposition or transferred thereto for exhibition, shall be reimbursed by the Pan American Exposition to the Government, payment to be made monthly to the collector of customs, Tampa, Florida, for deposit to the credit of the Treasurer of the United States as a refund to the appropriation "Collecting the Revenue from Customs."

(6) Articles to be entered under these regulations which arrive at ports other than Tampa shall be entered for immediate transportation without appraisement to the latter port in the manner provided by the general customs regulations.

(7) Articles which have been admitted without payment of duty for exhibition under any tariff law and which have remained in continuous customs custody

or under a customs exhibition bond may be transferred to entry for exhibition at the Pan American Exposition in the manner prescribed in article 453 (c) of the Customs Regulations of 1937,² except that in each case an entry under paragraph (9) of these regulations shall be filed, which shall supersede any previous entry, and no new bond other than that specified in paragraph (3) shall be required. Imported articles in bonded warehouses under the general tariff law may be transferred to entry for exhibition at the Pan American Exposition in the manner prescribed in article 323 of the Customs Regulations of 1937.

(8) The entry of plant material subject to restriction under the Plant Quarantine Act of 1912, as amended (U. S. C., title 7, secs. 151 to 165, inclusive, and sec. 167), shall not be permitted except under permits issued therefor by the Bureau of Entomology and Plant Quarantine, Department of Agriculture, and in accordance with the plant quarantine regulations.

(9) Upon the arrival at the port of Tampa of articles to be entered under these regulations the same should be entered on a special form of entry to read substantially as follows:

ENTRY FOR EXHIBITION

Entry No. _____

Entry at the port of Tampa of articles consigned or transferred to the Pan American Exposition under I. T. No. _____ ex SS _____ from _____ on the _____ day of _____ 193____, for exhibition purposes under Public Resolution No. 72 of the Seventy-fourth Congress, approved February 25, 1936.

(10) Upon such entry being made, the collector shall issue a special permit for the transfer of the articles covered thereby to the buildings in which they are to be exhibited or used, or, in the discretion of the collector, to the appraiser's stores for examination and subsequent transfer to the buildings in which they are to be exhibited or used. Upon the receipt of the articles at such buildings or at the appraiser's stores, the same shall be given a tentative appraisal prior to their exhibition or use. All imported exhibits so received in such buildings shall be kept segregated from domestic articles and imported duty-paid articles and shall not be removed from the exhibition building except in accordance with paragraph (12) of these regulations.

(11) If for any reason articles imported for entry under these regulations are not upon their arrival to be delivered immediately at an exhibition building, the importer should so indicate to the collector in writing, who will cause such articles to be placed in a bonded ware-

house under a "general order permit" at the importer's risk and expense, and such articles may be entered at any time within one year from the date of importation for exhibition, as herein provided, or under the general tariff law, or for exportation. If not so entered within such period they will be regarded as abandoned to the Government.

(12) Any articles entered under these regulations may be withdrawn for exportation, for abandonment to the Government, for destruction under customs supervision, or for consumption or entry under the general tariff law, but not otherwise, at any time prior to the opening of the exposition, or at any time during or within three months after the close of the exposition. Upon the withdrawal of such articles for consumption or for entry under the general tariff law, or at the expiration of three months after the close of the exposition in the case of articles not previously so with-

drawn, they shall be appraised with due allowance made for diminution or deterioration from incidental handling or exposure. Such appraisal shall be final in the absence of an appeal to reappraisal, as provided in section 501 of the Tariff Act of 1930 (U. S. C., title 19, sec. 1501), as amended by section 16 (b) of the Customs Administrative Act of 1938 (Public No. 721, 75th Congress). In the case of such articles withdrawn for entry under the general tariff law under a warehouse bond or a bond conditioned upon exportation, the statutory period of the bond and any extension thereof shall be computed from the date of withdrawal from entry under the provisions of Public Resolution No. 72 of the Seventy-fourth Congress.

(13) At any time prior to the opening of the exposition, or at any time during or within three months after the close of the exposition, any article entered hereunder may be abandoned to the Government or destroyed under customs supervision, as provided in article 808 of the Customs Regulations of 1937, as amended by (1938) T. D. 49658.³

(14) Any articles entered under these regulations which have not been withdrawn for consumption, entry under the general tariff law, or exportation, or which have not been abandoned to the Government or destroyed under customs supervision, before the expiration of three months after the close of the exposition, shall be regarded as abandoned to the Government.

(15) All entries under these regulations shall be made in the name of the Pan American Exposition, which shall be deemed for customs purposes the sole consignee of the merchandise entered under the Act and which shall be held responsible to the Government for all duties and charges due the United States on account of such entries; but, in the case of merchandise withdrawn from entry under these regulations, an entry under the general tariff law, in the name of any person duly authorized in writing by the Pan American Exposition to make such entry, may be accepted by the collector, and the bond of the Pan American Exposition shall thereafter be considered as collateral security for any duties and charges accruing on the merchandise covered by any such entry, unless the entry is for permanent exhibition, in which case the liability of the Pan American Exposition, under its bond with respect to the articles covered by such entry, shall be terminated when the security required by the general tariff law has been given.

(16) The marking requirements of the Tariff Act of 1930, as amended by section 3 of the Customs Administrative Act of 1938 (Public No. 721, 75th Congress), and the regulations promulgated thereunder,

² 2 F. R. 1547 (1833 DI).

³ 3 F. R. 1808 DI.

will not apply to articles imported under these regulations except when such articles are withdrawn for consumption or use in the United States, in which case they shall be released from customs custody only upon a full compliance with the marking requirements of the tariff act and the regulations promulgated thereunder. No additional duty shall be assessed because such articles were not properly marked when imported into the United States.

[SEAL] WAYNE C. TAYLOR,
Acting Secretary of the Treasury.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

WAR DEPARTMENT

AMENDMENT TO RULES AND REGULATIONS TO GOVERN OPERATION OF DRAWBRIDGES CROSSING ALL NAVIGABLE WATERWAYS OF UNITED STATES WITHIN THE STATE OF CALIFORNIA¹

Paragraph 8 of the rules and regulations to govern the operation of the drawbridges crossing all navigable waterways of the United States within the State of California approved March 4, 1936, is hereby amended by substituting for the subparagraph entitled "Oakland Harbor, Tidal Canal, Fruitvale Avenue Bridge" the following subparagraphs:

Oakland Harbor, Tidal Canal, Fruitvale Avenue Bridge.

Closed Periods. (a) Except on national holidays and as provided in subparagraph (b) below, the draw of this bridge shall not be required to open for the passage of vessels, other than police or fire boats and vessels employed or controlled by the United States, during the following periods:

Monday to Friday, inclusive:

Between 6:50 a. m. and 8:30 a. m.
Between 5:00 p. m. and 6:30 p. m.

Saturdays:

Between 6:50 a. m. and 8:30 a. m.
Between 12:30 p. m. and 2:00 p. m.

(b) Between the hours of 12:30 p. m. and 2:00 p. m. on Saturdays the draw shall be opened for vessels that are prepared to pass promptly through the bridge and give the required signal during the follow periods:

12:42 to 12:47; 1:02 to 1:07;
1:22 to 1:27; 1:42 to 1:47.

Approved, December 27, 1938.

[SEAL] HARRY H. WOODRING,
Secretary of War.

THE MAXIMUM HOURS PROVISIONS OF THE
FAIR LABOR STANDARDS ACT

Whereas, applications have been made by Bayport Ice Company, Addison Miller Company and sundry other parties engaged in the industry of harvesting and packing of natural ice, pursuant to Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Part 526 of regulations issued thereunder, for partial exemption from the maximum hours provisions of Section 7 (a) of said Act pursuant to the provisions of Section 7 (b)

(3) applicable to industries found by the Administrator of the Wage and Hour Division to be of a seasonal nature, and Whereas, it appears from said applications that:

(1) natural ice is formed in commercial quantities on lakes, ponds, and rivers only in the winter months, and

(2) natural ice can be and is harvested only in the regularly recurring winter months when the natural ice is available, and

(3) natural ice can be and is packed into ice houses or refrigerator cars only at harvesting time.

Now, therefore, upon consideration of the facts and reasons stated in said applications, the Administrator hereby determines, pursuant to Section 526.5 (c) of said regulations, that a *prima facie* case has been shown for the granting of an exemption pursuant to Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Section 526.3 of regulations issued thereunder, to the natural ice harvesting and packing industry.

In accordance with the procedure set forth in Section 526.5¹ of the regulations issued under said Act, the Administrator will receive objection to the granting of the exemption and request for hearing from any person interested for fifteen days following the publication in the FEDERAL REGISTER of this preliminary determination. If such objection and request for hearing is received, the Administrator will set the application for hearing before the Administrator or an authorized representative.

If no objection and request for hearing is received within fifteen days, the Administrator will make a finding upon the *prima facie* case shown upon said applications. The exemption shall become effective upon the publication of the finding in the FEDERAL REGISTER.

The said application may be examined at Room 5321, U. S. Department of Labor, Washington, D. C.

Signed at Washington, D. C., this 5th day of January, 1939.

AUCTION OR LOOSE LEAF TOBACCO WARE-
HOUSE INDUSTRY FOR PARTIAL EXEM-
PTION FROM THE MAXIMUM HOURS
PROVISIONS OF THE FAIR LABOR STAN-
DARDS ACT

Whereas, applications have been made by the Georgia Florida Warehouse Association and sundry other parties engaged in the operation of auction or loose leaf tobacco warehouses for leaf tobacco of types 11, 12, 13, 14, 21, 22, 23, 24, 31, 35, 36, and 37 (as defined by the Bureau of Agricultural Economics of the United

States Department of Agriculture), pursuant to Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Part 526 of regulations issued thereunder, for partial exemption from the maximum hours provisions of Section 7 (a) of said Act pursuant to the provisions of said Section 7 (b) (3) applicable to industries found by the Administrator of the Wage and Hour Division to be of a seasonal nature, and

Whereas, it appears from said applications that:

(1) the operations of the auction or loose leaf tobacco warehouse industry consist of the services necessary and incidental to the sale at auction of green leaf tobacco of the types above enumerated, in some instances including stripping the tobacco from the stalk and the grading thereof, and

(2) the warehouses are in operation only at certain seasons of the year because green tobacco, being the materials used by the industry, is available for natural reasons only at those seasons, and

(3) the earliest season begins about August first and the latest about January first and that the shortest season is about four weeks and the longest about four months, and

(4) the warehouses wherein said operations are performed, close at the end of the operating season each year except for maintenance, repair, clerical and sales work.

Now, therefore, upon consideration of the facts and reasons stated in said applications, the Administrator hereby determines, pursuant to Section 526.5 (c) ¹ of said Regulations, that a *prima facie* case has been shown for the granting of an exemption, pursuant to Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Section 526.3 of the Regulations issued thereunder, to the auction or loose leaf tobacco warehouse industry.

In accordance with the procedure set forth in Section 526.5 of the regulations issued under said Act, the Administrator will receive objection to the granting of the exemption and request for hearing from any person interested for fifteen days following the publication in the FEDERAL REGISTER of this preliminary determination. If such objection and request for hearing is received, the Administrator will set the application for hearing before the Administrator or an authorized representative.

If no objection and request for hearing is received within fifteen days, the Administrator will make a finding upon the *prima facie* case shown upon said applications. The exemption shall become effective upon the publication of the finding in the FEDERAL REGISTER.

The said applications may be examined at Room 5321, U. S. Department of Labor, Washington, D. C.

Signed at Washington, D. C., this 5th day of January, 1939.

IN THE MATTER OF ASSOCIATED GENERAL UTILITIES COMPANY

NOTICE OF AND ORDER FOR HEARING TO DETERMINE WHETHER SUCH COMPANY SHOULD BE DECLARED TO BE A SUBSIDIARY COMPANY OF OTHER SPECIFIED COMPANIES

The Commission having reasonable cause to believe that the management

and policies of Associated General Utilities Company, a Delaware corporation, are subject to a controlling influence, directly or indirectly, by

Associated Gas and Electric Company and Associated Gas and Electric Corporation

(either alone or pursuant to an arrangement or understanding with one or more other persons), and by each of such companies, so as to make it necessary and appropriate in the public interest and for the protection of investors and consumers that Associated General Utilities Company be subject to the obligations, duties, and liabilities imposed upon subsidiary companies of holding companies by the Public Utility Holding Company Act of 1935.

It is ordered. Pursuant to section 2 (a) (8) (B) of said Act that a hearing be held to determine whether such controlling influence exists, and to determine whether or not an order of the Commission should issue declaring Associated General Utilities Company to be a subsidiary company of the above named companies and each of them, as provided in said section of said Act.

It is further ordered. That such hearing be held on January 23rd, 1939, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, N. W., Washington, D. C. On such day, the hearing room clerk in room 1102 will advise as to the room where such hearing will be held.

It is further ordered. That Charles S. Moore or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to Associated General Utilities Company and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before January 18th, 1939.

IN THE MATTER OF MONITOR GOLD MINING COMPANY

STOP ORDER

This matter coming on to be heard before the Commission on the registration statements of Monitor Gold Mining Company which, as amended, became effective on May 10, 1934, as of May 9, 1934, and on April 5, 1937, after confirmed telegraphic notice by the Commission to said registrant that it appears that said registration statements include untrue statements of material facts and omit to state material facts required to be stated therein and omit to state material facts necessary to make the statements therein not misleading, and upon evidence received upon the allegations made in the notice of hearing duly served by the Commission on said registrant; and

The Commission having duly considered the matter, and finding that said registration statements include untrue statements of material facts in the engineer's report, Item 54 and the prospectus of the registration statement which became effective as of May 9, 1934, and in the engineer's report, Item 54 and the prospectus of the registration statement which became effective April 5, 1937, all as more fully set forth in the Commission's Findings of Fact and Opinion this day issued; and

The Commission being now fully advised in the premises;

It is ordered. Pursuant to Section 8 (d) of the Securities Act of 1933, that the effectiveness of the registration statements filed by Monitor Gold Mining Company be and the same hereby is suspended.

IN THE MATTER OF JAY SAMUEL HARTT, TRUSTEE OF THE ESTATE OF MIDLAND UTILITIES COMPANY

NOTICE OF AND ORDER FOR HEARING

An application pursuant to sections 11 (f) and 20 (a) of, and Rule U-11F-2 under, the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered. That a hearing on such matter be held on January 19, 1939, at

10:00 o'clock in the forenoon of that month to each of them for services rendered and to be rendered by them subsequent to December 15, 1938, plus reimbursement for their necessary expenses incurred from time to time in connection with their duties as accountant and engineer for the Trustee.

It is further ordered, That W. McNeil Kennedy or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice to continue or postpone said hearing from time to time.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before January 14, 1939.

The matter concerned herewith is in regard to an application filed by Jay Samuel Hartt, Trustee of the Estate of Midland Utilities Company, now in reorganization under Section 77B of the Bankruptcy Act as amended, pending in the District Court of the United States for the District of Delaware (No. 1073), requesting approval by the Commission of \$2,500 per month as the maximum amount which may be reasonably paid, on account, to said Jay Samuel Hartt for services rendered by him from October 24, 1938, as Trustee of the Estate of Midland Utilities Company, plus reimbursement for his necessary expenses incurred from time to time as such Trustee.

The applicant further requests an exemption from the provisions of Rule U-11F-2 with respect to the payment of compensation for services to be rendered by him, as Trustee, in the future, such exemption to be for the sum of \$2,500 per month plus reimbursement for his necessary expenses incurred from time to time as Trustee.

The applicant further requests an exemption from the provisions of Rule U-11F-2 with respect to the payment of compensation for the services of Elbridge Lennon Lord as an accountant, and Donald M. Cook as an engineer, such exemption to be for the sum of \$600 per

month to each of them for services rendered and to be rendered by them subsequent to December 15, 1938, plus reimbursement for their necessary expenses incurred from time to time in connection with their duties as accountant and engineer for the Trustee.

By the Commission.

UNITED STATES CIVIL SERVICE COMMISSION.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS FRIDAY, DECEMBER 30, 1938

Important.—Although the apportioned classified civil service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts, and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his State of original residence. Certifications of eligibles are first made from States which are in arrears:
